Projects

Team Goals

April 2018

- Utilized React framework for a responsive front-end user interface design.
- Used Cross-browser and Cross-platform for UI compatibility.

Triangle Ice Cream

February 2018

- Developed a Progressive Web Application that uses service worker for data caching.
- Implemented the Fetch API to pull a JSON from the Zomato and Google Maps APIs.
- Integrated HTML5 and ARIA roles for improved accessibility and usability.

Experience

Self-Employed

United States

Unity 3D Mobile Game Developer

Mar '16 - Jun '17

- Built, tested and deployed 2 scalable, highly available mobile products.
- Debugged and modified software components with custom code.
- Outsourced to collaborate with QA volunteers to design, build and test Game mechanics.

Freelance

United States

Affiliate Marketer

Aug '17 - Nov '17

- Recommended digital products to customers based on analytical research.
- Generated Landing Page websites to capture over 1000 email leads and delivered niche focused products to increase the likelihood of repeated sales.
- Optimized advertising to reduce the cost of marketing and increase Click-Through Rates.

North Carolina Soccer Referees Association

Durham, North Carolina

Soccer Official

May '11 - Aug '15

- Refereed games ranging from 5 to over 30 years of age, both male and female.
- Polished communication skills by professionally interacting other officials quickly and efficiently.
- Ensured games were conducted in a safe and orderly manner, by controlling players, coaches, and spectators as well as enforcing laws of the game.

Education

Charles E. Jordan High School

Durham, North Carolina

High School Diploma

May 2014
